“Abstraction”

By Barbara Tobey

Mark Haskell

M. Photog Cr. CPP

Welcome to the 59th Annual Maine PPA Convention. My first was the 25th convention in 1973. Jim Clark has been to almost all of them and for some of you this is your first time. It can become habit forming. You learn from the programs and speakers. You learn from the print competition and maybe even collect a few awards over the years. But the most important part is the friendships and business contacts you make along the way. Friendships can go way beyond the “posing and lighting” techniques that might be hot today and out of style next year.

Good friend Bob Creteau was a witness in my court case with the state. I can now ride my Jet Ski as a free man. I’ve gone golfing, hunting and fishing with fellow photographers from across this country, Canada and even the Bahamas, men and woman that I met through Professional Photography Associations. Look around the room. Some faces you know and some you don’t. Who will be there next year or five, ten, or 59 years down the road? Will it be you? What will have changed? Film? Darkrooms? The World Wide Web? What’s the next big thing?

One thing for sure, the friendships will endure. We might not always agree on print scores, color labs, Mac or PC, but hopefully you will look back and remember the people. Maybe it’s time you got more involved. Maybe you will be that “Old Timer” twenty years from now.

I hope everyone enjoys this years event. Hope you all do well in the print competition and hope that there’s a rookie out there who will lead us into the future of professional image making. It’s a challenge for all of us.

And most of all, I hope that we’ll all have more friends to help us along the way.

A Special Thank You to our advertisers. They help support MPPA and allow us to provide you with Programs, the newsletter and convention book.

President's Message

e, a Little There

e as your president for the past year. I want to encourage each of you to take home, Promoting Professionalism, the value of the Maine Professional

atics with our speakers this year. Take one thing from each speaker that you can apply to your photography, then we have been successful.

While it is not probable, or even desirable, that you are going to emulate someone else's style and business to a T, it is very worthwhile to learn *a little here and a little there*. The trick is to actually take the time to apply something you have learned here to your daily photography. Strive to accomplish this!

I would like to thank our speakers and judges for coming to Maine to share their knowledge with us. I am thankful for our many speakers throughout the year. Our own Mark Haskell, Barbara Tobey and Bob Akers started us off in April with a competition print how-to seminar in Kennebunk. In May, Jim Hazelwood from Rhode Island gave us an inspirational program on "How to Make Weddings Fun (and Profitable) Again!" in Brunswick. Also in May, we had Harley Ridgway present his "See the Light" program in Camden. June brought us The Natural Color Lab and FUJI Road show featuring Frank Shelley and Bruce Arnold in Kennebunk. Also in June, we had Curt & Andrea Sanders from Minnesota give three programs in Camden. After a month off, September brought us Jackie Haggerty's "Teaching Old Tricks to New Dogs" in Portland.

In October, once again in Portland, we were presented with the ABCs and 123s of Children's Portraiture by Jessica Giovagnoli and Jeff Dackowski. December's Holiday Party, hosted by Mark Rockwood in Portland was a great time and Mark also gave us a commercial lighting demonstration. Members helping members seminars were conducted by Bruce Haskell on Sports Photography and Tom Jones on Portraiture and lighting. I list all these not to fill up space, although it did that! - but to point out the wide variety of seminars offered in different places around the state. Each year we endeavor to provide a variety of programs so that members can gain *a little here and a little there*.

As you can see by the schedule within, we have another wide variety of speakers to take in during this convention. Enjoy and learn something from each one. *A little here, a little there*.

I encourage everyone to participate in, not only the Maine Professional Photographer's Association, but also in the Professional Photographers of New England (PPANE) and its affiliated school the New England Institute of Professional Photography (NEIPP), and the Professional Photographer's of America (PPA). There are numerous discussion groups you can participate in on-line. It is a great idea to join manufacturer groups such as Kodak ProPass and Fuji Pro Net. *A little here, a little there*.

As Always,
Happy Shooting!
